---

Goal-driven individual oriented toward a career in MERN-stack software development. Brings a level of dedication toward accomplishing tasks that is seldom matched. Has developed as a professional across a wide span of career paths with a broad perspective and range of skills ranging from logistical, medical, service-based, militaristic, and managerial. Proficient in API communications, implementing user interface components, and code-based problem solving with creative solutions.

**Languages and Technologies:** MongoDB, Express, React, Node, JavaScript, CSS, HTML, Adobe XD, Postman, Visual Studio Code, MongooseJS, Axios.

## PROJECTS

DEC 2021

### CAPSTONE/WARHAMMER 40K PORTAL

[CapstoneFrontEnd](#), [CapstoneBackend](#)

**Technologies/languages used:** MongoDB, Express, React, Node, JavaScript, CSS, HTML, Adobe XD, Postman, Axios, MongooseJS, Joi, Bootstrap, MUI.

- Node, MongoDB, Axios, and Postman for API requests, testing, and data input. This allows users to compare and customize their models, and creates a forum for users to communicate about trades or models.
- Mongoose schemas, Express, and Joi to provide the necessary format for retrieval of model and game data.
- React, JavaScript, and HTML to provide the user with a smooth navigation of the application.
- CSS, Bootstrap, and MUI for stylization, providing aesthetics for the user.
- Adobe XD for wireframe.

NOV 2021

### YOUTUBE CLONE

[YouTubeCloneBackend](#), [YouTubeCloneFrontEnd](#)

**Technologies/languages used:** MongoDB, Express, React, Node, JavaScript, CSS, HTML, Adobe XD, Postman, Axios, MongooseJS, Joi, Bootstrap, MUI.

- Utilized Node, MongoDB, Axios, and Postman to provide user with an embedded video player that recommends videos and allows user to post, comment, and reply to other users.
- Utilized Mongoose schemas, Express, and Joi for data format.
- Utilized React, JavaScript, and HTML for front end application and structure. This provides the user with an intuitive feel for the application.
- Utilized CSS, and MUI for stylization, providing aesthetics for the user.
- Utilized Adobe XD for wireframe.

## EDUCATION

JAN 2021

### FULL-STACK WE DEVELOPMENT CERTIFICATE, DEVCODECAMP

Navigated an accelerated course for proficiency of the MERN full-stack set of skills. Dedicated over 350 hours to learning developer languages and technologies, and cultivated problem-solving skills.

## EXPERIENCE

APR 2018 – FEB 2021

### HOSPITAL CORPSMAN, CAMP LEJEUNE US NAVY

- Maintained physical and technical readiness for deployment of Forward Resuscitative Surgical System (FRSS).
- Provided medical coverage for numerous training operations and deployments for over 800 people.
- Performed over 300 hours of training for applying critical casualty care in-flight and assisting providers in rendering surgical care.
- Acquired two years of management experiencing in organizing and maintaining an inventory valued in excess of over \$2.5 million, items ranging from computers to whole blood products.
- Acquired three years experiencing in leading teams in task-orientated assignments.
- Promoted once during tour, scoring within the top 0.067 percentile in both knowledge assessment and in annual evaluation.

MAR 2016 - APR 2018

### HOSPITAL CORPSMAN, JOINT-EXPEDITIONARY-BASE LITTLE CREEK US NAVY

- Assisted five medical providers in providing care to over 3,000 patients.
- Services rendered include: performing procedures, scheduling, managing inventory valued in excess of over \$1.1 million, providing health counseling.
- Contributed to passing Joint Commission inspection with zero discrepancies.
- Received Navy and Marine Corps Achievement Medal.
- Promoted three times during tour for outstanding personal growth and development.
- Was awarded the Navy Marine Corps Achievement Medal for contributions to mission, team, and patient care.
- Acquired two years of technical experience and professional development.
